#### TESTIMONIAL

EXCELLENT LAWYER! Anthony B. Gordon is my corporate and personal lawyer. I have known him since 2008. I absolutely adore him. If you are looking for a great attorney with integrity, I recommend Tony. He is awesome in his professionalism and as a person. He has handled many of my cases, and I am very satisfied with the outcomes. I met him when I was going through the hardest time of my life, and he got me through each and every case successfully. He has many good professionals working with him, and they are all great people. Good people hang around with good people. I'm so grateful that I have met Tony. I can comfortably use his services for any of my legal matters as he is honest and trustworthy. He listens to my problems and is responsive to my calls and answers my questions clearly and keeps me informed. Very knowledgeable with great experience! He is not just an excellent lawyer but a good friend who cares...
